04 Export packing & documentation

ABOUT SHLION

Founded in 2010, Zhejiang Shininglion Technology Co., Ltd. develops and manufactures medical beds, home care beds and supporting furniture for healthcare and elderly-care environments.

Our product range covers electric and manual nursing beds, low-position care beds, rotating solutions and practical accessories. We support distributors, project buyers and OEM partners with configuration guidance, export packing and documentation.

2-FUNCTION ELECTRIC

Backrest and legrest adjustment

Home nursing and general elderly care

Five-Function Electric Nursing Bed

A compact folding platform with full-length aluminum siderails for daily nursing and export-efficient packing.

Outer dimensions	2170 × 1000 × 335–725 mm
Adjustment	Backrest 0–75°; legrest 0–40°
Tilt	Trendelenburg / reverse: 0–12°
Safe working load	230 kg
Packing	1450 × 1100 × 370 mm
Container loading	20GP / 40GP / 40HQ: 48 / 96 / 96 pcs

KEY FEATURES

- Wooden head and foot boards
- Full-length aluminum siderails
- Four-inch quiet casters
- Compact folded packing

Five-Function Electric Nursing Bed

A high-capacity nursing platform with central-locking casters, tool-free panels and extended positioning functions.

Outer dimensions	2100 × 1020 × 350–880 mm
Adjustment	Backrest 0–70°; legrest 0–40°
Tilt	Trendelenburg / reverse: 0–16°
Safe working load	250 kg
Packing	2050 × 980 × 370 mm
Net / gross weight	130 / 150 kg

KEY FEATURES

- Five-inch central-locking casters
- Auto-regression positioning
- Tool-free board and rail assembly
- Semi-recumbent position

Multi-Function Electric Nursing Bed

A rotating care-bed solution designed to support assisted sitting, repositioning and safer transfer workflows.

Outer dimensions	2100 × 1000 × 510–810 mm
Adjustment	Backrest 0–70°; legrest 0–40°
Rotation	90° to one side
Safe working load	250 kg
Packing	2130 × 910 × 580 mm
Caster system	Five-inch quiet casters with brakes

KEY FEATURES

- Rotatable siderails
- Height-adjustable platform
- Wooden head and foot boards
- Suitable for assisted transfer

Three-Function Electric Nursing Bed

A low-position electric nursing bed combining comfortable adjustment with stable solid-wood styling.

Outer dimensions	2060 × 990 × 250–590 mm
Adjustment	Backrest 0–75°; legrest 0–40°
Safe working load	250 kg
Packing	2030 × 1030 × 270 mm
Net / gross weight	90 / 110 kg
Container loading	20GP / 40GP / 40HQ: 40 / 88 / 99 pcs

KEY FEATURES

- Solid-wood head and foot boards
- Rotatable siderails
- Anti-slip foot tips
- Low-position care platform

Three-Function Electric Nursing Bed

An extra-low electric care bed designed to reduce transfer height and support long-term nursing environments.

Outer dimensions	2070 × 960 × 185–725 mm
Adjustment	Backrest 0–70°; legrest 0–40°
Safe working load	250 kg
Packing	2050 × 930 × 220 mm
Net / gross weight	109 / 125 kg
Container loading	20GP / 40GP / 40HQ: 60 / 120 / 132 pcs

KEY FEATURES

- Extra-low 185 mm platform
- Eight three-inch quiet casters
- Insertable siderails
- High export loading efficiency

Two-Function Electric Nursing Bed

A practical home-care platform with essential electric adjustment and warm residential styling.

Outer dimensions	2080 × 1000 × 450 mm
Adjustment	Backrest 0–75°; legrest 0–40°
Safe working load	250 kg
Packing	2030 × 990 × 320 mm / 2 pcs
Net / gross weight	88 / 100 kg
Container loading	20GP / 40GP / 40HQ: 72 / 144 / 168 pcs

KEY FEATURES

- Solid-wood head and foot boards
- Full-length aluminum siderails
- Five-inch quiet casters
- Cost-effective care solution
